What are our customers saying?

"I had asked several different places and types of repair shops in Chattanooga about repairing a defective zipper in a new motorcycle case with a very difficult to reach area of zipper inside the bag. No one wanted to attempt this fix, not even the manufacture. John Neal took a look at my problem, and to my great surprise, totally repaired the zipper and this factory defect in a matter of minutes! Needless to say, I am very grateful and impressed. I am now a permanent customer, and encourage you to, as their slogan says, "Challenge them". Thank you, Neal's Shoe Repair."
